Correction to Lancet Public Health 2018; 3: e64–71

Mattick RP, Clare PJ, Aiken A, et al. Association of parental supply of alcohol with adolescent drinking, alcoholrelated harms, and alcohol use disorder symptoms: a prospective cohort study. Lancet Public Health 2018; 3: e64-71 —The role of the funding source has been corrected. The statement now reads: "The funders of the study had no role in study design, data collection, data analysis, data interpretation, or writing of the report. RPM, PJC, AA, and MW had access to the raw data. RPM had full access to all the data and had final responsibility for the decision to submit for publication." This correction has been made to the online version as of Feb 6, 2018.
